MA213 L1

L1: Introduction to R

OpenIntro Statistics, 4th Edition

L1 : Introduction to R

- *Previously:* What we learend from last time
- *This time:* What we are learing today
- *Deadlines/Announcements:* Quiz / Exercise / Explain / after work?

Lesson Plan

- xx min What is R, who uses it(why?), How to install R / R studio
- xx min Explain about Rstudio IDE, Rmd, R script
- xx min Pre-process, explore data, how to summarize?
- xx min syntax; loops, functions (time permits? if not, we can give additional material?)

Learning Objectives

- Use R for Data Management and Exploration: Utilize R to load, pre-process, and explore data through visualization and summarization techniques. [Q1, L1, L2]
